Deductive Dilemmas

Summer Pool Party

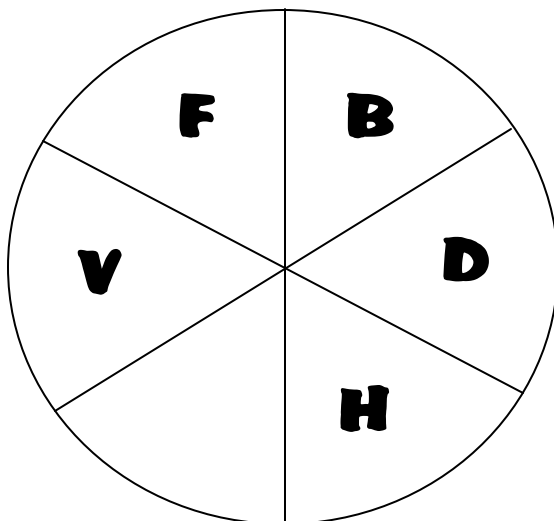

Four cousins are always invited to their aunt's pool party at the beginning of summer. They each bring a special item to use in the water. Swim through the clues to see what each cousin brings.

- Sam, and the girl who brought the beach ball, and the boy with the diving sticks, and the girl with the goggles race to get into the pool before their aunt.
- Jodie did not bring the goggles to use.

	Diving sticks	Goggles	Beach ball	Raft
Sam				
Beth				
Jodie				
Jake
